KRANTI क्रांति क२०३

COMPLETE PLANT NUTRITION FERTILIZER FOR ALL CROPS

Multiplex Kranti is a complete plant food and a biostimulant product containing all essential plant nutrients. Many of the nutrients in this product are in chelated form which can be easily absorbed by the plants. The bio-activators in Multiplex Kranti considerably increase the crop productivity both by quality and quantity with just two foliar applications.

DIRECTION FOR USE

Available Packing: 100 ml, 250 ml, 500 ml, 1 litre and 5 liters

Recommended Dosage: Dissolve 2 to 3 ml of Multiplex Kranti in one litre of water and spray on both surfaces of the leaves, we recommend two sprays.

1st spray: 30 to 35 days after germination **2nd spray:** 15 to 20 days after first spray

Note: For better results use Multiplex Maxiwet at the rate of 1 ml per liter of prepared spray solution
