ZEE GREEN

Gibberellic Acid 0.001% L

Plant Growth Regulator

Multiplex Zee Green is an effective plant growth regulator, containing Gibberellic Acid 0.001%L along with Seaweed, Amino acids, following nutrients like Magnesium, Zinc, Iron and Manganese which plays an important role in Plant Metabolism. It plays a vital role in the cell division and cell elongation process, thereby improves the growth of the plant. It helps in stem and root growth profusely, It also helps in flower initiation and in fruit setting.

DIRECTION FOR USE

- For Crops like Grapes, Cotton, Sugarcane, Paddy, Vegetables, Groundnut, mix 1 ml of Multiplex Zee Green in 2.5 ltrs of water and spray on plants.
- For Banana crop, mix 1.5 ml of Multiplex Zee Green in 1 ltr of water and spray on the plants.
- For Brinjal/ Bhendi and Mulberry crops, mix 1 ml of Multiplex Zee Green in 1 ltr of water and spray on plants.
- We recommend 2 to 3 sprays depending up on the crop type at an interval of 30 to 45 days.

Packing: Multiplex Zee Green is available in 250ml, 500 ml, and 1 ltr packing
